### Major Accomplishments

- The year 2025 proved to be a defining and historic year for the Lady Lake Police Department, marked by exceptional professionalism, operational success, and meaningful community engagement. The year began with an event that drew national attention when a routine traffic stop conducted by Sergeant Bilbrey resulted in the arrest of one of the FBI's Ten Most Wanted fugitives. The department effectively managed the resulting national media attention with the outstanding support of the Communications Team, presenting the Lady Lake Police Department on a national stage in a positive and professional manner.A photograph showing four individuals standing in a room. On the right is a man in a dark police uniform also holding a yellow certificate. An American flag is visible in the background.
- Early in the year, the department implemented the Patrol Lieutenant Watch Commander Program. These command staff members provide leadership and oversight for patrol operations from noon until midnight, enhancing consistency, communication, and mentorship across patrol squads. Their presence has strengthened operational effectiveness and improved coordination between patrol personnel and executive leadership.A photograph of a meeting room. - Leadership development remained a priority throughout 2025. Two Sergeants graduated from the Southern Police Institute Command School, a rigorous executive-level program designed to prepare mid-level supervisors for advanced leadership roles. Additionally, as a result of the FBI Top Ten fugitive arrest, the department was afforded the opportunity to send an officer to the FBI National Academy. Sergeant Gehrsitz became the first Lady Lake Police Officer to graduate from this prestigious program, marking a significant milestone for the department and setting the foundation for future participation.A photograph of two men in dark suits shaking hands.
